The Faculty of Hotel and Tourism Management, Universiti Teknologi MARA (UiTM) is proud to announce the 5th Hospitality and Tourism Conference (HTC) 2023 with the theme **“Future trends and challenges in hospitality and tourism industry: An overview of post-pandemic research”**. HTC 2023 aims to disseminate fresh and informative insights relating to post-pandemic studies within the hospitality and tourism industry. This conference serves as a platform for academicians, post-graduate students, industry practitioners and the government to share and discuss ideas, reflecting past experiences during the pandemic as well as synergizing strategies for present and the future. We welcome empirical research; socio-psychological studies, in-depth qualitative research studies and review articles are also encouraged. For all accepted papers, abstracts to be published in Book of Abstracts and full papers will be published in Journal of Tourism, Hospitality and Culinary Arts (JTHCA).
